#### FROM THE NEWSLETTER EDITOR

It gives me immense pleasure to welcome you all to the India Expo Shop 2018 in Mumbai, India. No doubt that IES is the best place for the Organizers, Event Managers, Corporate HODs, Marketing Managers, as well admin & operations managers and also the procurement teams to meet, interact and learn about the latest trends & innovations to strengthen existing vendor bonds and establish new service partners.

The good news is that IES 2018 has connected with the Russian Union of Exhibitions and Fairs (RUEF) and is pleased to announce support from them. We have invited their guests and participants at our expo and do hope that our B2B meeting will be fruitful for both the associations as well as its members.

I am confident that the 3rd edition of IES 2018 will be more productive in terms of networking, business leads and col-

laboration, not only for all exhibitors, visitors, guests but also all members of IESA.

In this issue you will find introduction of all new members of our association who have recently joined IESA family. Glad to have all of them as part of IESA and in making a joint family for healthy growth. I would like to invite and encourage those of you who are yet to use this opportunity to share their work info, articles, etc. for wider circulation and networking through our newsletter. It is only with your support and information that our newsletter will be a valuable source of information on the Indian Exhibition Industry.

Any suggestions or criticism on the newsletter would also be most welcome.

Finally, I would like to thank each one of you, the content providers and readers, who have made our newsletter the best possible thing to happen.

Hope you will enjoy reading this issue as much as we have enjoyed in making it.
